

About Officenter

Just Furniture...

For 20 years, Officenter has serviced a wide variety of commercial, government, education and other non-profit customers. We only sell commercial grade, contract furniture. Unlike many of our competitors, we do not sell office supplies and equipment. We concentrate all of our efforts on enhancing your work, or learning, environment.

Everything you need...

Our product offerings range from high end "designer" oriented furniture to utility products that will satisfy the most budget conscious buyer. We concentrate our product selection on about 20 core product lines, but we have access to over 120 manufacturers. Our goal is to work with you to find the right combination of price and style that fits your workspace while considering your ecologic and ergonomic requirements.

With so many products available, Officenter can service any of your seating, storage, accessory or workspace needs from your board room to your storage room.

Services to support your product selection...

In addition to offering you products beyond the "big box" stores, your purchase from Officenter is backed by a team of furniture professionals. For most orders, our service package is ***always furnished at no additional cost to you.***

Our **Sales Consultants** will listen to your needs and help you select the correct product. Whether it's a single chair, or an entire floor of furniture, they'll work with you to find that "sweet spot" of price, product and performance.

If your project requires a floorplan, Officenter's **Design Team** will work with our Sales Consultant to optimize your use of space for your specific needs. Our Designers are fully trained in AutoCAD applications.

Your project may be put into the hands of our **Project Manager**, depending on its size or complexity. They will work with you and other contractors to make your installation as smooth as possible.

Once your furniture is ready for delivery, the Officenter **Installation Team** will deliver, assemble and install your furniture with our own Team Members in our own trucks. We even haul away the trash resulting from the packing material.

Pricing you'll like...

When you do one thing well, you become very efficient. As a result, our customers benefit by receiving very generous discounts. If you are a government/non-profit entity, Officenter will work with you to get you the best negotiated State Contract, Group Purchasing Organization or GSA pricing.

Satisfied Customers...

Contact us for a partial list of the customers that we serve, and some of their testimonials.

With Officenter, you get the furniture experts with the product selection you want, the support you need and at a price to satisfy your budget.
