

GSA Capabilities Statement

About Officenter...

For over 20 years, Officenter has serviced a wide variety of commercial, government, education and other non-profit customers. We only sell commercial grade, contract furniture. Unlike many of our competitors, we do not sell office supplies and equipment. We concentrate all of our efforts on enhancing your work, or learning, environment.

- Officenter has been servicing customers at the local, county, state and Federal levels of the public sector since our founding in 1989. We understand the unique needs of your environment.
- We concentrate our product selection on about 20 core commercial furniture lines, but we have access to over 120 manufacturers holding GSA Schedules.
- Our product offerings range from high end "designer" oriented furniture to utility products that will satisfy the most budget conscious buyer. Officenter can fulfill virtually any need from the "back room to the board room".
- The accompanying Line List shows a majority of these Manufacturers, their product classes and FSS Contract Numbers. These can also be accessed on our website at <http://www.officenter.com/gsa-furniture-contract.htm>
- Officenter maintains two facilities. Our Sales Office/Showroom and an 8000 Sq. Ft. climate controlled warehouse.
- Our product offerings are supported by a full array of related services. We maintain an in-house **Design Dept**, utilizing the latest AutoCAD products. We also have complete **Project Management** services and **Installation and Delivery Services** performed by our own employees.
- Officenter also offers post-installation services such as: upholstery cleaning, office redesign and reconfiguration and warranty repair services.
